THE PASTURE BOOK and THE LIVESTOCK BOOK

These valuable books were written by W. R. Thompson, Extension Pasture Specialist, State College, Miss. He is a real authority on building good pastures and on livestock. Mr. Thompson is in much demand as a speaker before agricultural groups. His books give much useful information and pictures. The Pasture Book has been so popular that there have been 10 editions since 1949. The Livestock Book came out recently. Every farmer should have these books. **Order from us today. Each book costs $3.50.**

COASTAL BERMUDA GRASS (CERTIFIED)

This grass is extra popular for grazing and hay. Ask for our sheet giving general information and planting and fertilizing recommendations. Feb. 15 to April 15 is generally regarded as the best and safest time to set out stolons or sprigs of Coastal Bermuda. We are digging now—when the ground is dry enough. Use 5,000 to 7,000 per acre. We bale our stolons like bales of hay, about 75 lbs each. The quantity per bale varies but the average is about 6,000. Packing bales smaller this year than last. Bales have metal straps around all sides. Bales submerged in water soon as dug. **Read our information sheet. Make arrangements with us before sending trucks.** Prices per 1,000 stolons f.o.b. here are:

Bales or bulk on your truck here ..... **$1.00** M

(2,000 to 4,000 sprigs packed in wet sawdust for express shipment are $1.50 M. **Our stolons are the BEST to be had.**
